IMPORTANT NOTES FOR PROPRIETORS OF UNITED KINGDOM PATENTS

1. DURATION OF PATENT AND PAYMENT OF RENEWAL FEES

- (i) Your patent took full effect on the date of the certificate, as shown overleaf.
- (ii) By paying annual renewal fees, you can keep your patent in force for 20 years from the date of filing of the patent application, which is shown overleaf.
- (iii) The date on which the first annual renewal fee is due may be determined as follows: calculate the fourth anniversary of the date of filing, and the last day of the month in which this anniversary falls is the date on which the first renewal fee is due. Subsequent renewal fees will be due for payment, each year, on the same due date. The fee can be paid up to three months before each due date and should be accompanied by Patents Form 12. If the Form with the fee is not received by the Intellectual Property Office by the due date, the fee can still be paid at any time during the following six months. However, you may have to pay a late payment fee. The patent will cease if the renewal fee (and any late payment fee) is not paid before the end of the six month period. When renewing the patent it is advisable to check the current fee rates.
- (iv) **It is important that you should set up and maintain effective renewal arrangements to ensure that renewals fees are paid on time.** You should not wait for any reminder from the Intellectual Property Office before paying the renewal fee. The Intellectual Property Office will send a reminder to the last recorded address for service, or to the address requested when the previous renewal payment was made, within six weeks after the renewal fee due date, but this reminder is only intended to alert you to the possible failure of your renewal arrangements.
